Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 and 6-8 and 10-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Rozhon et al (WO 98/16111) is being maintained for reasons of record.

Applicants' arguments have been considered but are not found to be persuasive.

The method of treatment of the said disease as instantly claimed is also disclosed in the prior art of record. Here again how the proanthocyanidin in the composition used in the said method is purified is not given patentable weight.
